

## **Maintenance Crew Leaders & Maintenance Crew Leader Trainees**

Are you looking to work for an established reputable design build/bid build landscape contractor? We may just have the perfect place for you on our team!! We are looking for someone who is passionate about maintaining beautiful landscapes for our clients to enjoy.

Lead landscape maintenance crew in maintaining installed landscapes including general landscape maintenance, pruning & shearing and pest monitoring & management. Complete small installations/renovations and some turf maintenance. Candidates must have general knowledge of landscape management practices and the ability to communicate jobsite information effectively to the Account Manager. Knowledge of common landscape pest identification, plant maintenance and container & annual planting design is important. Landscape lighting and irrigation system troubleshooting is very helpful, but some training will be provided.

This is a very fast paced position and motivated, self-starting team members will be compensated accordingly. We offer a competitive wage package with lots of opportunity for growth and advancement.

### **Required Certification & Training (currently have or be willing to obtain)**

1. Minnesota Department of Agriculture Pesticide Applicator's License
2. Minnesota DOT Health Card

### **Responsibilities (Not limited to the following):**

1. Perform maintenance services detailed on work order at high level of quality and efficiency
2. Oversee and assist maintenance crew workers in performing maintenance tasks.
3. Keep detailed records of all time and materials used for each task on job
4. Adhere to schedule set by Landscape Management Supervisor
5. Inform Landscape Management Supervisor of assessments of the site and recommendations for additional services and work
6. Provide on-site training and guidance for maintenance crew workers
7. Responsible for properly operating and maintaining a 1 Ton truck (including DOT records), 18' trailer, and all maintenance equipment
